COMMITMENT • TRUST • PERSEVERANCE TEAMWORK • ACHIEVEMENT

The experience gained over the years in constructions and our organizational spirit defines SC AXA TRANS CONSTRUCT SRL as **a true leader in the construction and logistic market in Romania.**

Since 2004, the company brought to fulfillment several projects including both types of compounds, residential and industrial, and road infrastructure, everything in accordance with the European standards.

Starting from a small team with great plans and ideas, AXATC laid the basis of a company that stands for the future. A group of **over 100** experts stays now at your disposal, being specialized in engineering, construction, design and project management. With **modern machinery and high standard equipment**, AXATC turns your plans into reality, no matter if your project includes **bridges, roads, office buildings, residential constructions or industrial sites.**
